KBV Strategy Meeting

The Board of Directors recently attended a strategy meeting on the Gold Coast to review and consider several initiatives associated to the future of KBV. Meetings were conducted with RCI and DAE to discuss benefits and programs for KBV owners and the RCI Points initiative was finalised. The strategy meeting covered several important topics such as future forecasting, business plan development and review, Constitutional Amendments, Re-branding and Marketing initiatives, Land Title reconciliation and Delinquency management. We were fortunate to have a creative facilitator from the Industry to ensure a flow of new and creative ideas. The next AGM will include amendments to the Constitution to keep up with the ever changing environment and to ensure our Club guidelines are up to date.
